

# Solatrike II

## Part 2 Asia and Australia

Further 19'000 km with solar powered  
e-assisted recumbent Trike

The latest multimedia presentation by David Brandenberger after his previous presentation "Solatrike, part 1, 15'000 km from Czech Republic to Kyrgyzstan". Professional photos of a special trip with a strange bicycle from Kyrgyzstan to Australia.

Besides the highlights you will also experience wonderful encounters with the people and landscapes outside the "Silk Road" as well as in the outback of Australia. A rousing Multimedia experience with 3D original sound, music and informative and funny live commentary including live music.
